CROATIA –HIGHLIGHTS

9 DAY TRIP: 6 DAYS SEA KAYAKING, 1 DAY HIKING
***PLUS OPTIONAL RIVER PADDLE DAY**

Croatia is home to one of Europe's largest archipelagoes with over 1,200 islands. Curving around Bosnia, the coastline stretches along the Adriatic from Slovenia in the north to Montenegro and Albania in the south.

Our trip along this section of the Dalmatian coast offers a smorgasbord of dramatic scenery and historical and cultural experiences. We'll explore ruins and forts from Illyrian and Roman times, small fishing villages and two national parks. We paddle through a labyrinth of island jewels in Kornati National Park and visit the spectacular waterfalls of Krka National Park. Plus, there is an option to paddle the deep canyon of the Zrmanja River on the day the trip concludes.

Designed for people with some paddling experience, we paddle from Skradin, through the Kornati Islands National Park to Zadar. This is a voyage of exploration, **and may be subject to some deviations in the itinerary depending on the weather conditions we encounter.** Overnight campsites include remote beaches, private islands and the occasional public campground. The clear warm waters of the Adriatic combined with the spectacular landscape of Northern Croatia makes this an adventure not to be missed!

MEETING PLACE AND TIME

As people arrive directly from overseas and also from various points within Croatia we have several meeting options on Day 1 of the trip. **Please make sure we know of your preferred arrangement and do check with us before booking your flights. Local flight times may change so please allow enough time for connections.**

1. Zadar airport - we will do one group pickup at the airport at approximately 2pm. This time will be confirmed when 2010 flight schedules are made available. A transfer from Zadar to Skradin is approximately one hour.
2. Mediteran Hotel in Zadar. Pick up will be early afternoon.
3. Make your own way to the Hotel Vrata Krka in Skradin. The hotel check in is not until the afternoon but the hotel can look after your bags until your room is ready.

HOW TO GET THERE

Several airlines have flights to Zadar from European cities. It is advisable to book flights early as the routes are busy during spring and summer. There are several bus companies in Croatia with extensive networks around the country and a very good coastal ferry service. Your travel agent and/or internet research can provide timetables.

PADDLING EXPERIENCE

This trip is designed for people with some previous paddling experience. You do not have to be an expert or know how to roll. However, you should have practiced a wet exit and assisted re-entry before the trip. This can easily be practiced in waist deep warm water with a friend's help or under tuition. We are always happy to discuss your experience, and can often suggest how beginner paddlers might gain the necessary experience at home to prepare for the trip. We require all participants to complete and return our "Experience Form" shortly after booking. It is important to recognize that the weather **and wind** will influence greatly what we can and can't do.

We predominantly use single kayaks on this trip, but some doubles are available. The degree of difficulty of the trip will depend on the weather we encounter. The wind in the Adriatic can vary from gentle puffs to a strong wind so you should be used to paddling in a variety of conditions. We paddle between 3 to 6 hours per day. It is important to realise that the group will kayak at the speed of the slowest members. All participants should feel confident in swimming.

The kayaks we use are stable, easy to paddle and control. They are designed as expedition boats but it is important to keep gear to a minimum as we carry on board all our food and equipment. Our trip leaders are highly experienced sea kayakers and professional guides. On Day 2 you will be given a thorough briefing on your equipment and trip safety with time to adjust your individual boats. ****Note – if you choose to use a double kayak then you will have less storage space and should take that into consideration when packing. Please refer to our equipment list for details on what to pack.**

As with most activities, the fitter you are, the more you will enjoy the paddling. We highly recommended participants become involved in regular exercise (paddling, walking, jogging, cycling, aerobics or swimming) some months prior to the trip. We generally limit our group to a maximum of 10 clients, plus the 2 guides.

PROPOSED ITINERARY

The following itinerary should be seen as an approximate guide only. Our aim is to have a genuine Croatian adventure and a great time rather than being governed by a rigid schedule. Our program may change over the 9 days to take advantage of any opportunities that may arise, local weather conditions and preferences of the group. **Please note that weather conditions, transport breakdowns and other factors can cause alterations and delays to our itinerary.**

Day 1 – Transfer to the Hotel Vrata Krka in Skradin. Trip briefing is held at 7.00pm followed by a welcome dinner. We will give out dry-bags to pack for the kayak trip, bag size is approximately 20 litres for essentials that have to stay dry. Any excess luggage that you do not take kayaking can be stored and transferred from our Skradin hotel to where we finish in Zadar.

Day 2 – After breakfast we visit the Krka National Park and spectacular waterfalls of Skradinski Buk. The travertine barriers form hundreds of cascades and waterfalls, where a cooling swim is welcome after our hike. Hotel Vrata Krka.

Day 3 – Our longest paddling day so an early start! Paddle to the historic town of Sibenik and have lunch in the old city. Carry on past the Skradin bridge and Sibenik Bridge up the channel of St Ante and the fortification of St Nikola from the 15th century. We exit the River Krka canyon and finish our paddling on the island of Prvich. Private dinner, campground, electricity. 25 km

Day 4 – We continue paddling north past the islands of Logorun and Priznjak and the mainland town of Tribunja before reaching our camp on Murter Island. 20 km

Day 5 – We paddle through the Murter Channel stopping for regular swims before reaching the island of Zakan Ravni. Restaurant meal. Electricity. 18 km

Day 6 – After lunch we paddle past the cliffs of Mali and Veli Rasip, stopping at several historical sites before reaching beautiful Levrnaka. Private dinner and camp on Levrnaka. Electricity. 20 km

Day 7 – An early start for one of our longer paddling days as we paddle from Levrnaka to the island of Zut. As we cruise through the islands we pass 170 metre high cliffs, explore the caves of Garmenjok and refresh with a few swims. We'll arrive to a prepared restaurant lunch and visit the salt lake, Lake Mir in Telascica National Park before passing the Roman ruins of Villa Rusticae in Mala Proversa to reach the island of Zut. 24 km

Day 8 – With the backdrop of the Velbit massif in front of us, we head towards the mainland to reach Sukoshan. We'll transfer to our hotel and have some time to explore the historical city of Zadar before enjoying our farewell dinner in a local restaurant. 20 km

Day 9 – Trip concludes. After breakfast there is a group transfer to Zadar airport.

**We do have an option to paddle the Zrnmaja River this day.

(This beautiful jewel-like river cuts through a deep canyon and offers some delightful paddling. Aided by the current we use 2 person sit on top kayaks ideally suited to manoeuvre the many twists and turns along the river. Travertine barriers create stunning waterfalls and the lush surrounds provide a lovely contrast to the stark landscapes seen during our sea kayak trip. The cost for this optional day trip is \$215.) Please advise when booking the trip if you'd like to reserve this option.

CLIMATE

Summers in Croatia are hot and dry, especially in July and August. The months of May and September are a little cooler – still shorts and T-shirt weather at most times during the day, evenings a little cooler and with the possibility of occasional showers. The weather is generally settled but wind can be a factor.

If bringing your own sleeping bag, ensure it is compact to conserve space. Rental charge is Euro 20 for a sleeping bag. Please note, the ground is often rocky, sharp and very hard so you should take that into consideration. You may choose to bring your own Thermarest. Some public campgrounds can be basic, offering only cold-water showers.

TRIP ORGANISATION

We have built in occasional access to electricity, laundry and intermittent van and boat support to bring in fresh food during our kayak trip.

Camping Segment

Our paddling days will start early to make the most of each day. It's a good idea to pack your dry-bag before breakfast, prepare your personal items for the day and take down your tent so that loading for departure can be organised.

We mix up our campsites on wild beaches and intersperse this with campgrounds to provide access to more facilities. On arrival in camp you will be expected to unload your own boats, and you and your partner will be responsible for your own tent or sleeping site. The guides will also appreciate your assistance in other camp duties. We find that people joining our trips alone soon make friends.

Food

Our guides usually prepare meals in camp and your help is welcomed. At some campsites we are able to eat local Croatian food at a nearby restaurant. Restaurant meals throughout the trip will be simple and provide variety and a taste of local cuisine.

We are happy to cater for vegetarians and other special dietary needs, please let us know at the time of booking your dietary requirements.

EXPEDITION STAFF

There will be two experienced kayak guides. Should you have any inquiries during the trip, feel free to ask your guides.

CONSERVATION

It has always been our motto that "we take only photographs and leave only footprints". We are keenly aware of the ecology of the areas we visit and try to limit our impact on them. We ask that each person take out everything they bring in including sweet wrappers, batteries, etc.

PHOTOGRAPHY

We are paddling mainly in a salt-water environment and the delicate electronics in digital or film cameras can be damaged. You might consider a waterproof camera or a small plastic waterproof case or dry-bag with a supply of Silicon Packs. Ensure you have sufficient memory storage and batteries for a digital camera, as there is little opportunity to purchase batteries or access electricity during our kayak trip. If you are using a film camera it is wise to keep lenses to a minimum. One variable lens will reduce your load and the amount of your equipment that can be damaged. We recommend all film be purchased and processed in your home country. If you are buying a new camera, consider a waterproof one and get it well before departure so you can practice with it. It is inconvenient to find fault with the camera during a trip.

MONEY MATTERS

Your tour cost includes:

- Bed and breakfast hotel accommodation in Skradin on a twin share basis for the first two nights of the trip.
- Bed and breakfast hotel accommodation in Zadar on a twin share basis for the last night of the trip.
- Expedition kayaks, paddles, life jackets and safety equipment.
- 2-person tents and foam mats
- 20 litre watertight dry-bags for your personal gear while kayaking.
- Professional guides.
- All meals from dinner on Day 1 to breakfast on Day 9.
- Specified group airport transfers.
- Entrance fees to National Parks

Your tour cost does not include:

- Any flights.
- Entry fees into historic sites.
- Items of a personal nature such as postage and laundry.
- Alcoholic beverages.
- Some bottled water throughout the trip
- Airport taxes.

- Travel insurance.
- Tips.
- Sleeping bags (these can be hired at an extra charge).
- Thermarests are not provided but are a good idea to bring.

MONEY TO BRING WITH YOU

There are ATM machines in the main centres, and this is the most efficient way to obtain Croatian kuna. The kuna is tied to the Euro but is not much value outside Croatia so it is better to exchange small amounts at a time. Credit cards are accepted in larger stores or hotels. Traveller's cheques and cash can be changed at banks in the larger towns and cities but can be time consuming. US dollars and Euros are far easier to exchange than Australian dollars within Croatia, but if you are traveling to Europe before or after it is better to have Euros.

During the trip you will need money for alcohol, bottled water and soft drinks, entry fees to a few historical sites, and any shopping you intend to do.

TIPPING

We recommend you put aside a little money for general tips, i.e. restaurants, porters.

TRAVEL INSURANCE

It is necessary to take out a personal insurance policy to cover yourself against sickness, accident, loss of baggage, trip cancellation and in the unlikely event that you need emergency evacuation by plane or helicopter due to illness or accident. Ensure you have read the policy thoroughly and are familiar with the claim process in case it becomes necessary to make an emergency claim.

We strongly recommend you take out insurance at the time of booking. Please supply us with the policy details (insurance company name and contact details and policy number) before the trip.

MEDICAL MATTERS

All participants are required to provide us with a medical questionnaire filled out completely and accurately. Please check with your doctor or medical centre whether you require any vaccinations or boosters. An expedition first aid kit is carried on the trip. We strongly recommend that you bring with you any required medicines and a small First Aid Kit for your own personal use. Due to the remoteness of the trip it is advisable to have a dental checkup before departure.

PASSPORT

Make sure that you have a signed passport and that its validity will extend to 6 months after the date of your return. If you are not an Australian citizen and are returning to Australia after your trip, make certain that you have the necessary re-entry permit from the Department of Immigration.

VISAS

For most visitors visas are not required for stays in Croatia of less than 90 days. Your passport may be checked at hotels as all tourists are registered.

WATER

Bottled water is readily available in towns and preferable to tap water that, although chlorinated, is not as safe. Water for the kayaking will be provided throughout the trip but you will have opportunities to buy extra if you wish. We recommend about 3 litres per day per person and will be able to restock with water every 2-3 days.

BAGGAGE ALLOWANCE

Free airline baggage allowance is generally 20 kg. – check with your airline. Any excess baggage charges are your responsibility and will be levied by the airline involved. Please make sure that ALL

luggage items are clearly labeled with your name and address before checking them onto your flight. Please do not put any sharp items into carry on luggage as they will be confiscated.

EXCESS LUGGAGE

Luggage that you do not take kayaking can be stored and transferred from the Skradin hotel to where we finish in Zadar.

SECURITY

Before leaving home, photocopy your passport, airline ticket and make a note of your credit card and ATM card numbers in case you lose or misplace them. You should carry your passport on the kayak trip but could leave airline tickets with left luggage at the hotel in Skradin. Theft is a consideration in Croatia (like at home) so it is always a good idea not to leave things unattended. Do not carry large amounts of cash with you and always be aware of what you are carrying, especially personal valuables like cameras, jewellery and watches. Do not display valuable items or leave them lying around in such a way that might tempt a thief. It is a good idea to use a money belt or neck wallet.

CLOTHING & EQUIPMENT

Carefully check through all essential items. The dress code overall in Croatia is modest, but it is more relaxed on the Adriatic coast.

Essential Items

The following checklist is a guideline for your trip. Contact us if you have any questions.

- Lightweight waterproof rain jacket
- 2 pairs of shorts and swimming gear

- Small torch and batteries
- A small daypack, bum bag or dry bag is good for holding things like sunscreen, glasses, etc. both for paddling and day walks.
- A small drybag is also useful for keeping a camera and valuables handy while paddling.
- A wetsuit vest is useful for snorkeling
- 1 or 2, one litre water bottles (the type used by cyclists are good and inexpensive)
- Lightweight cycling gloves can ease blistering if you have not paddled recently.
- Small blowup pillow or pillowcase, this takes up little room and easily stuffed.
- Snorkeling gear (mask and snorkel only to save space or just swimming goggles)

Optional Items

- Power points require a plug with two round pins
- Cards/games, book or magazine
- Lightweight clothesline
- Binoculars
- Camera –bring sufficient film, batteries, and storage cards for digital cameras
